

<b>Courses Beta &amp; GP-OML</b>	
<b>Beta</b>	<a href="http://onderzoeksschool-beta.nl/">http://onderzoeksschool-beta.nl/</a> Research Perspectives on Operations Management
<b>GP-OML</b>	<a href="http://www.gp-oml.nl/">http://www.gp-oml.nl/</a> Fundamental Domain Knowledge Advanced Inventory theory Capita Selecta Data-analysis and Statistics Facility Logistics Management Freight transport management Quantitative modelling and analysis of supply chains Transport Logistics Modelling
<b>Other courses</b>	
<b>LNMB</b>	<a href="http://www.lnmb.nl/">http://www.lnmb.nl/</a> Advanced Topics in Stochastic Operations Research Algorithmic Game Theory Algorithmic Methods in Queueing Theory Algorithms and Complexity Asymptotic Methods in Queueing Theory Convex Analysis for Optimization Cooperative Games Integer Programming Methods Interior Point Methods Markov Decision Processes Multi Class Queues and Stochastic Networks Networks And Polyhedra Networks and Semidefinite Programming Noncooperative Games OR-Games Randomized Algorithms Robust Optimization Stochastic Programming
<b>SIKS</b>	<a href="http://www.siks.nl/">http://www.siks.nl/</a> Research Methods and Methodology for IKS Combinatory Methods Learning and Reasoning Agent Technology Mathematical Methods for IKS Systems and Architectue Modeling Information Retrieval Interactive Systems Knowledge Modeling
<b>Aarhus BSS</b>	<a href="http://bss.au.dk/en/">http://bss.au.dk/en/</a> Stochastic Programming with Applications in Logistics
<b>TU/e - GP-IE</b>	<a href="https://www.tue.nl/">https://www.tue.nl/</a> Business Information Systems Architecture (PhD level) Business Process Management (PhD Level) Performance Enhancement (PhD Level) Production Control (PhD level)
<b>EIASM</b>	<a href="http://www.eiasm.org/">http://www.eiasm.org/</a> Eden doctoral seminar on Qualitative Business Research

<b>International Society for Inventory Research</b>	<a href="http://isir.hu/">http://isir.hu/</a>
	ISIR Summer School
<b>Penn State</b>	<a href="http://www.psu.edu/">http://www.psu.edu/</a>
	Qualitative Research Methods
